Net weight of a full pallet	600
Shelf life	12 m
Barcode	5908234495614
Display barcode	5908234495621

Product description

Pumpkin seeds, also called pumpkin seeds, are small, flat seeds that come from the inside of a pumpkin. They are characterized by a delicate, nutty flavor and crunchiness. They are rich in valuable nutrients such as protein, fiber, magnesium and zinc, which makes them a healthy snack or addition to salads, yogurts or muesli.
